Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

English Oak Tree - Reduce single limb on South East side of the crown by approximatley 2m, back to a suitable growth point. To reduce crown by approximatley 1 - 1.5 m on South/South West side of crown and raise low hanging branches.
