Heritage Statement

I Ben Kerslake of 50 Main Street Desford Leicester LE9 9GR am writing to confirm that the roof alterations we are proposing will not change the structure or appearance of the property in any way.

All we are looking to do is have the roof re laid using the original slates unless damaged and these will be replaced with like for like slates. The only change is that breathable felt will be laid for insulation.

Therefore the properties appearance will be exactly the same, this is only being done to resecure the roof as the nails holding it are shot due to there age i.e. being 130 years old.

Yours Faithfully

Ben Kerslake
