

CONSTRUCTION PHASE HAZARD IDENTIFICATION

**In accordance with the Construction
(Design and Management) Regulations 2015**

The hazard sign is a notification to other designers and contractors of foreseeable exceptional risks which could not be fully mitigated or removed by design and are beyond those which could be reasonably expected to be identified by a competent person as defined in the Construction (Design and Management) Regulations 2015.

DRAWING REVIEWED	YES
YES or no	
EXCEPTIONAL RISKS/ MITIGATION	
none or using warning triangle	

General Site Wide Operational Risks - Landscape Works

- HIGH SPEEDS, COLLAPSE
- WORKING AT HEIGHT - FALLING/LANING OBJECTS
- BOMBED SERVICES
- POSSIBLE SITE CONTAMINANTS

CONTRACTOR SHALL CHECK ALL DIMENSIONS ON SITE

NOTES:

- The drawing should be read in conjunction with all other relevant details, drawings and specifications.
- All dimensions are to be checked on site before the commencement of works. Any discrepancies are to be reported to the Architect & Engineer for verification. Elected dimensions only are to be taken from this drawing.
- The DWG file is issued for the purposes of consultation only and does not represent formal drawing issue and are not to be reprinted in any form. Formal issue of drawings is via DWG Addon PDF files under hard copies and their associated information issue sheets.
- Note that all care has been taken with the export of DWG files and their content, but we recommend that you make due dimensional checks before using any DWG file information. Any errors found are to be reported to MAC Consulting immediately.
- All levels are shown in metres above Ordnance Datum (m AOD).
- In the event of any contradiction between this drawing and the specification, then the contractor shall seek clarification from the landscape architect before proceeding.
- Work on site affect statutory undertakers apparatus, where the contractor is required to verify the location and depth of all such apparatus prior to commencement of work and to take any precautions necessary when working in the vicinity of apparatus.
