Part I - Particulars of Application

Date of Application

21 May 2024

Application No.

24/00513/FUL

Particulars and location of development :

Erection of 4 holiday lodges and associated works (resubmission of 24/00027/FUL)

Kyns Golf And Country Club Station Road Market Bosworth Nuneaton Leicestershire

Part II - Particulars of decision

In dealing with the application, through ongoing negotiation the local planning authority have worked with the applicant in a positive and proactive manner by offering a pre-application advice service and by seeking solutions to problems arising in relation to dealing with the planning application and this has resulted in the approval of the application. The Local Planning Authority has therefore acted pro-actively to secure a sustainable form of development in line with the requirements of the National Planning Policy Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

In pursuance of its powers under the Town and Country Planning Act 1990, the Hinckley and Bosworth Borough Council grants permission for the carrying out of the development referred to in Part I hereof in accordance with the application form and plans submitted, subject to the following conditions :-

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason: To comply with the requirements of Section 91 (1) of the Town & Country Planning Act 1990.

2. The development hereby permitted shall be carried out in accordance with the following approved plans:

Site Location Plan; received May 2024

Proposed Site Layout Plan - HMDPD/0534/02 received May 2024

Proposed Plans & Elevations - Drg No. HMD/PD/0534/01 received May 2024

Reason: To ensure a satisfactory form of development in accordance with Policies DM1 and DM10 of the adopted Site Allocations and Development Management Policies DPD 2016 and the requirements of the NPPF 2023.

IMPORTANT - PLEASE READ THE NOTES AT THE END OF THIS DOCUMENT

3. Prior to the commencement of development, representative samples of the types and colours of materials to be used on the external elevations of the proposed dwelling shall be deposited with and approved in writing by the Local Planning Authority, and the scheme shall be implemented in accordance with those approved materials.

Reason: To ensure that the development has a satisfactory external appearance to accord with Policy DM10 of the Site Allocations and Development Management Policies DPD 2016 and the requirements of the NPPF 2023.

4. Prior to first use of the development hereby approved, works to reinstate the 18-hole golf course including, drainage, fairways, greens, tees and bunkers shall be completed and brought into use.

Reason: To ensure the retention and operation of the Golf Course as a leisure facility to accord with Policy DM24 of the adopted Site Allocations and Development Management Policies DPD (2016).

5. Notwithstanding the provisions of Classes C1 of the Schedule of the Town and Country Planning (Use Classes) Order 1987 or any change of use by any subsequent order, the holiday units hereby approved shall be occupied as holiday accommodation only and for the avoidance of doubt they shall not be occupied as permanent, unrestricted accommodation or a principal or primary place of residence.

Reason: This is development which is only permitted at this location because it provides holiday accommodation. This needs to be carefully controlled to accord with Policy 23 of the Core Strategy.

6. No person shall occupy any part of the accommodation for a period exceeding four weeks. Furthermore, no person shall occupy the accommodation within a period of two weeks following the end of a previous period of two weeks following the end of a previous period of occupation by that same person. The owners/operators of the holiday accommodation shall maintain an up to date register of the names and main home addresses of all the individual occupiers and shall make this information available for inspection on demand by an authorised officer of the Council.

Reason: The site of the permission is outside any area where planning permission would normally be forthcoming for residential development and is permitted only as a dwelling for holiday purposes in the interests of contributing to tourism and the economy of the area and to ensure compliance with Policy DM4 of the adopted Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

7. No construction work shall take place at the site outside the hours of 0730 to 1800 Mondays to Fridays, 0730 to 1300 Saturdays and no construction work shall take place at any time on Sundays or Bank Holidays.

Reason: To protect the amenities of nearby residents according with Policies DM10 and DM24 of the adopted Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

8. No development shall commence on site until such time as the existing and proposed ground levels of the site have been submitted to and agreed in writing by the local planning authority. The development shall then be implemented in accordance with the approved details.

Reason: To ensure that the development has a satisfactory appearance and in the interests of visual amenity in accordance with Policy DM10 of the adopted Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

9. The development hereby permitted shall not be occupied until such time as the parking and turning facilities have been implemented in accordance with Proposed Site Layout Plan - HMDPD/0534/02. Thereafter the onsite parking (and turning) provision shall be kept available for such use in perpetuity.

Reason: To ensure that adequate off-street parking provision is made to reduce the possibility of the proposed development leading to on-street parking problems locally and to enable vehicles to enter and leave the site in a forward direction in accordance with Policy DM17 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

10. No development shall commence on site until such time as a construction traffic management plan, that includes as a minimum details of wheel cleansing facilities, vehicle parking facilities, and a timetable for their provision, has been submitted to and approved in writing by the Local Planning

Authority. The construction of the development shall thereafter be carried out in accordance with the approved details and timetable.

Reason: To reduce the possibility of deleterious material (mud, stones etc.) being deposited in the highway and becoming hazardous for road users, to ensure that construction traffic does not use unsatisfactory roads and lead to on-street parking problems in the area in accordance with Policy DM17 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

11. No development shall commence on site until such a time as a construction environmental management plan has been submitted to and approved in writing by the local planning authority. In discharging this condition, the LPA expect to see details concerning pre-commencement checks for protected species (detail as appropriate, e.g. badgers, bats, breeding birds) and appropriate working practices and safeguards for wildlife that are to be employed whilst works are taking place on site. The details to be submitted should also include details on how the neighbouring woodland identified as a LWS will be protected throughout construction. The agreed Construction and Environmental Management Plan shall thereafter be implemented in full.

Reason: To ensure that protected species and areas of ecological value are not harmed by the development, in accordance with Policy DM6 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the National Planning Policy Framework 2023.

12. No development shall commence on site until a low impact lighting strategy is submitted to and approved by the Local Planning Authority for the site during and post-development, which will include the measures as set out in the Preliminary Ecological Appraisal March 2024.

Reason: To ensure that protected species and areas of ecological value are not harmed by the development, in accordance with Policy DM6 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

13. No development shall commence on site unless and until the following Reasonable Avoidance Measures (RAMs) are carried out under the supervision of a licenced Great Crested Newt ecologist:

- All site contractors are to be inducted through a Toolbox Talk hosted by a suitably qualified ecologist on the presence of great crested newts and their legal protection. All contractors are to sign the Toolbox Talk and agree to the proposed RAMs;
- A designated working area will be maintained to minimise total working area (limited to the access track itself), which will be marked out by the ecologist (where necessary). A fence and/or sign will be situated to mark the working areas to ensure no contractors and vehicles do not enter areas which have not been checked for great crested newts.
- Any vegetation on site to be cleared should first be strimmed to approximately 15 cm and left overnight, allowing any animals the chance to naturally disperse from site. A fingertip search of any vegetated areas should then be undertaken to check for the presence of great crested newts.
- Once the ecologist has declared all areas of potential for great crested newts have been checked, the proposed works can continue unsupervised.
- Storage of materials is to be on pallets i.e. raised off the ground and on areas of hard standing or tarmac. No materials to be stored on vegetation.
- All working areas are to be maintained as bare ground or hardstanding throughout the construction phase.
- All open pits and pipes are to be covered during the night, with a check for presence of amphibians conducted prior to covering.
- If excavations are exposed and/or created, a slope will be positioned within the excavation to allow amphibians and mammals to escape should they fall in.
- Under no circumstances should site contractors attempt to handle great crested newt.
- Ecologist to undertake a site visit upon completion of works to confirm that the works have been undertaken using the above risk avoidance measures and that habitats have been restored.
- Should a great crested newt be located during the RAM's, all works must cease immediately, your ecologist notified where applicable (an email, text, or voicemail is not sufficient), and Natural England contacted for advice. No great crested newt is to be handled and the refugia is to be placed back to provide suitable cover.

Reason: To ensure that protected species and areas of ecological value are not harmed by the development, in accordance with Policy DM6 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

14. No trees and shrubs shall be removed on site during the bird nesting season (1st March - 31st July inclusive).

Reason: To ensure the development does not have a detrimental impact upon nesting birds in accordance with Policy DM6 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

15. Prior to occupation of the development hereby approved details of the provision of bat and bird boxes and insect hotels shall be submitted to and approved in writing by the local planning authority. The approved details shall be implemented prior to first use of the accommodation and shall be retained as such thereafter.

Reason: To help encourage wildlife species and their habitats in accordance with Policy DM6 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

16. The development hereby permitted shall only be carried out in accordance with the drainage details set out in the submitted Flood Risk Assessment received by the local planning authority July 2024.

Reason: To help prevent flooding and maintain surface water runoff quality in accordance with Policy DM7 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

17. Prior to commencement of development a landscaping scheme shall be submitted to and approved in writing by the local planning authority. The scheme shall be carried out in full accordance with the approved details prior to occupation of the development. The soft landscaping shall be maintained for a period of 5 years from the date of planting. During this time, any trees or shrubs which die or are damaged, removed or seriously diseased shall be replaced by trees or shrubs of a similar size and species to those originally planted.

Reason: To ensure the development has a satisfactory external appearance in accordance with Policy DM4 of the Site Allocations and Development Management Policies DPD (2016) and the requirements of the NPPF 2023.

NOTES TO APPLICANT :-

1. Prior to construction, measures should be taken to ensure that users of the Public Right(s) of Way are not exposed to any elements of danger associated with construction works.
Public Rights of Way must not be re-routed, encroached upon or obstructed in any way without authorisation. To do so may constitute an offence under the Highways Act 1980.
If there are any Public Rights of Way which the applicant considers impracticable to retain on their existing lines, a separate application for diversion is required. It should be submitted under the Town and Country Planning Act 1990 to the Local Planning Authority. The applicant is not entitled to carry out any works directly affecting the legal line of a Public Right of Way until a Diversion Order has been confirmed and become operative.
If the developer requires a Right of Way to be temporarily diverted, for a period of up to six months, to enable construction works to take place, an application should be made to networkmanagement@leics.gov.uk at least 12 weeks before the temporary diversion is required.
Public Rights of Way must not be further enclosed in any way without undertaking discussions with the Highway Authority (0116) 305 0001.
Any damage caused to the surface of a Public Right of Way, which is directly attributable to the works associated with the development, will be the responsibility of the applicant to repair at their own expense to the satisfaction of the Highway Authority.
No new gates, stiles, fences or other structures affecting a Public Right of Way, of either a temporary or permanent nature, should be installed without the written consent of the Highway Authority. Unless a structure is authorised, it constitutes an unlawful obstruction of a Public Right of Way and the County Council may be obliged to require its immediate removal.

C. Brown.

Christopher Brown MRTPI
Head of Planning

Date : 26 September 2024

NOTES

1. It will be most helpful if the application number shown overleaf is quoted in all correspondence.
2. If you consider that this decision has been made invalidly through the Council failing to follow a procedure correctly, not having the legal power to make the decision in the way it did or through its decision being so unreasonable as no reasonable local authority would make the same decision based on the same facts, then you may enter a claim for judicial review to quash the decision. In order to proceed with a claim for judicial review an initial application for permission will need to be made to the Administrative Court, this application is required to be made "promptly and in any event within three months of the decision". The initial permission application will decide if you have an arguable case, whether you are sufficiently materially affected by the decision to bring the claim. If you are granted permission to bring the claim it will proceed to a full hearing at the Administrative Court. Although there is no requirement for you to do so it is highly recommended that you seek independent legal advice before bringing forward a claim for Judicial Review.
3. If you are aggrieved by the decision of the Local Planning Authority to grant permission subject to conditions, you may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months (see para 2a below) of the date of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, tel. 0303 444 5000 or online at <https://www.gov.uk/appeal-planning-decision>). You must use a Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that the permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements as set out in Section 78 of the Town and Country Planning Act 1990, to the provisions of the development order, and to the directions given under the order. He does not in practice refuse to entertain appeals solely because the decision by the Local Planning Authority was based on a direction given by him. Appeals- new time rules. Appeals relating to applications made to the Local Planning Authority on, or after, 5th September 2003 must be made within six months of the date of this notice.
4. If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application then, you must do so in accordance with the guidance found using the following link <https://www.gov.uk/appeal-enforcement-notice>.
5. If permission to develop land is granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
6. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
7. This permission covers only consent under the Town and Country Planning Acts and does not give permission to demolish a Listed Building, for which separate consent is required. Amongst other things the consent of the Council of the district in which the land is situated may be required under the Building Regulations and if the proposals affect land within the limits of the highway (that is between the highway fences or hedges) the separate consent of the Highway Authority may also be required. Steps to obtain the necessary further consents should be taken before proceeding with the development.

SHOPS, OFFICES, FACTORIES, EDUCATIONAL BUILDINGS & BUILDINGS TO WHICH THE PUBLIC ARE TO BE ADMITTED : ACCESS AND PROVISION FOR THE DISABLED PERSONS

1. The Local Planning Authority is required to bring to your attention the requirements of the Disabled Persons 1981, Building Regulations 1991 "Access and facilities for Disabled People" document M and the Chronically Sick & Disabled Act 1970 (as amended 1976) (Sections 4.7.8 and 8A) requiring the provision of access facilities, car parking and toilets for the disabled and the provision of signing indicating what provision has been made for disabled persons within the building. Your attention is also drawn to the Code of Practice B.S 5619 "Design of Housing for the convenience of Disabled People", 1978 and Code of Practice, B.S. 5810 : 1979, "Access for the Disabled to buildings" available from the British Standards Institution, 2 Park Street, London W1A 2BS. (Tel 071-629-9000) and (in so far as educational buildings are concerned), to Design Note 18 "Access for the Physically Disabled to Educational Buildings."
2. The buildings to which these requirements apply are :-
 - a) Buildings to which the public are to be admitted to which Section 4 of the Chronically Sick & Disabled Act 1970 (as amended 1976) applies.
 - b) Offices, Shops & Railway Premises as defined in the Offices, Shops & Railway Premises Act 1963 or premises deemed to fall within the Act.
 - c) Factories as defined by Section 175 of the Factories Act 1961.
Educational Buildings as defined by Section 29B of the Disabled Persons Act 1981.

Hinckley & Bosworth
Borough Council

Start Notice

Important Information – Please keep this with your decision notice

Please read the above decision notice carefully and ensure that you understand and comply with the requirements of any planning conditions imposed.

If you require any further information about why a particular planning condition has been imposed or in respect of what information is needed to discharge your condition please contact the case officer who will be happy to advise of the requirements and information required.

We carry out a programme of site monitoring to check compliance with conditions in order to proactively manage the development and to ensure development is carried out in accordance with the planning permission granted.

Please ensure that any application for the discharge of pre-commencement conditions are carried out in a timely manner as this may take up to 8 weeks depending on the requirements of the condition. Please also be aware there is a charge to discharge conditions per request which means you can discharge conditions individually or group details together as a single request to discharge multiple planning conditions. The fee for discharging these pre-commence conditions, can be found on the [planning portal](#).

We would be grateful if you could email the development address and application reference number with your contact details and the intended start date by email to planning@hinckley-bosworth.gov.uk or complete the form on the reverse.
