Good afternoon,

23/00611/OHL | NGED are proposing to install a new T off electrical connection from an existing 33,000kv wood pole overhead line between the A447 Belwell and Elwell Avenue, Barwell, Leicestershire. Comprising of 2 H poles, one single pole and 8 stay wires as shown on the included plans. The total length of the proposed line is pprox.. 30m with pprox.. 10m between each pole/H pole. The height of the H poles will be appox. 11m above ground which is lower than pole 58. The single pole will be pprox.. 10m. All H Poles will require 4 stays each giving a total of 8 stays to be installed via an auger boring installation. | Land North West Of Former Allotment Gardens Kirkby Road Barwell Leicestershire

I have no comments to make on the application.

Kind regards,

Nikki Morton MSci ACIEEM
Director
