Comments:
Having tried in vain to get this development stopped with the local Parish Council who have consulted residents adequately.
There is flooding on the site not only from the book but also sewerage during heavy downpours, It will have an impact on local Flora and Fauna.
There will be a lack of privacy as too close to locatl gardens. There will be the increase in antisocial behaviour. Also the loss of a great informal open space-by filling it with urban clutter in garish colours.
