Part II - Particulars of decision:

In dealing with the application, through ongoing negotiation the local planning authority have worked with the applicant in a positive and proactive manner by offering a pre-application advice service and by seeking solutions to problems arising in relation to dealing with the planning application and this has resulted in the approval of the application. The Local Planning Authority has therefore acted pro-actively to secure a sustainable form of development in line with the requirements of the National Planning Policy Framework (paragraph 38) and in accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

In pursuance of its powers under the Town and Country Planning Act 1990, the Hinckley and Bosworth Borough Council grants outline planning permission for the carrying out of the development referred to in Part I hereof, in accordance with the application and plans submitted, subject to the following condition(s) :-

1. Application for the approval of reserved matters shall be made within 18 months from the date of this permission and the development shall be begun not later than one year from the date of approval of the last of the reserved matters to be approved.

Reason: To comply with the requirements of Section 92 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2. No development shall commence until details of the layout, scale, appearance and landscaping (hereafter called the Reserved Matters) have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with the approved reserved matters.

Reason: To ensure a satisfactory form of development in accordance with Policies DM1, DM4, DM10, DM11, and DM12 of the Site Allocations and Development Management Policies Development Plan

IMPORTANT – PLEASE REFER TO THE NOTES AT THE END OF THIS DOCUMENT

Document (2016).

3. The development hereby permitted shall not be carried out otherwise than in complete accordance with the submitted application details received by the Local Planning Authority as follows:
 - Site Location Plan (submitted: 09.05.2024)

Reason: To ensure a satisfactory form of development in accordance with Policies DM1, DM4, DM10, DM11, and DM12 of the adopted Site Allocations and Development Management Policies Development Plan Document (2016).

4. No development shall commence until details have been submitted to, and approved in writing by, the Local Planning Authority that provide evidence that the scheme hereby permitted is implemented as a self-build dwelling in accordance with the definition of self-build and custom housebuilding at Paragraph A1 of Section 1 of the Self-Build and Custom Housebuilding Act 2015. The development shall then be carried out in accordance with the approved details.

Reason: To ensure that the proposal is delivered as self-build and custom house building development, as stated by the Applicant, to meets the needs of people wishing to build their own homes accordance with Paragraph 63 of the National Planning Policy Framework (NPPF) (December 2023).

NOTES TO APPLICANT :-

1. The approved development may require Building Regulations Approval, for further information please contact the Building Control team via e-mail at building.control@blaby.gov.uk or call 0116 272 7533.
2. Hinckley & Bosworth Borough Council's recycling and refuse collection services are from the boundary to the adopted highway and do not travel along, nor collect from private roads or driveways. Please refer to the policies within the Wheeled Bin and Container Policy (updated March 2018). It would be advisable to include an area near the roadside for the safe placement of the various containers on collection day. This will then keep the access clear to allow vehicular access. It will be the responsibility of the occupiers to ensure that all containers/wheeled bins are brought to the collection point.
3. Surface water should be managed by sustainable methods, preferably those which disperse runoff by infiltration into the ground strata: i.e., soakaways, pervious paving, filter drains, swales, etc., and the minimisation of paved area, subject to satisfactory porosity test results and the site being free from a contaminated ground legacy. If the ground strata are insufficiently permeable to avoid the necessity of discharging some surface water off-site, flow attenuation methods should be employed, either alone, or, if practicable, in combination with infiltration systems and/ or rainwater harvesting systems.
4. Any proposed access drives, parking and turning areas, paths and patios should be constructed in a permeable paving system, with or without attenuation storage, depending on ground strata permeability. On low-permeability sites surface water dispersal may be augmented by piped land drains, installed in the foundations of the paving, discharging to an approved outlet (See Environment Agency guidance on the permeable surfacing of front gardens).

NOTES

1. It will be most helpful if the application number shown overleaf is quoted in all correspondence.
2. If you consider that this decision has been made invalidly through the Council failing to follow a procedure correctly, not having the legal power to make the decision in the way it did or through its decision being so unreasonable as no reasonable local authority would make the same decision based on the same facts, then you may enter a claim for judicial review to quash the decision. In order to proceed with a claim for judicial review an initial application for permission will need to be made to the Administrative Court, this application is required to be made "promptly and in any event within three months of the decision". The initial permission application will decide if you have an arguable case, whether you are sufficiently materially affected by the decision to bring the claim. If you are granted permission to bring the claim it will proceed to a full hearing at the Administrative Court. Although there is no requirement for you to do so it is highly recommended that you seek independent legal advice before bringing forward a claim for Judicial Review.
3. If you are aggrieved by the decision of the Local Planning Authority to grant permission subject to conditions, you may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within **six months (see para 2a below)** of the date of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, tel. 0303 444 5000 or online at <https://www.gov.uk/appeal-planning-decision>). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that the permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements as set out in Section 78 of the Town and Country Planning Act 1990, to the provisions of the development order, and to directions given under the order. He does not in practice refuse to entertain appeals solely because the decision by the Local Planning Authority was based on a direction given by him. Appeals- new time rules. Appeals relating to applications made to the Local Planning Authority on, or after, 5th September 2003 must be made within **six months** of the date of this notice.
4. If permission to develop land is granted permission subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
5. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where planning permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
6. This permission covers only consent under the Town and Country Planning Acts and does not give permission to demolish a Listed Building, for which separate consent is required. Amongst other things the consent of the Council may be required under the Building Regulations and if the proposals affect land within the limits of the highway (that is between the highway fences or hedges) the separate consent of the Highway Authority may also be required. Steps to obtain the necessary further consents should be taken before proceeding with the development.
