Dear Richard,

Erection of residential accommodation
on land adjacent to Earl Shilton Baptist Church

Thank you for contacting me on Friday, and for checking with the Archaeological Section to see if the application could be conditioned to include for an archaeological assessment prior to the work commencing. In light of their refusal and, as it will not be possible to complete the required assessment within the timeframe set for the planning application to be decided, I have spoken to our clients and they have agreed for the application to be withdrawn for the time being, in order that the archaeological assessment can be completed and we see the results and the impact that they may have on the proposal.

I will be in touch with you again in due course.

Thank you for all your assistance and advice.

Kind regards,

Paul K. Saunders
