

Biodiversity Report for 2 Horsepool, Burbage

2 Horsepool is a New build detached residential dwelling, set within a private walled garden with a detached garage at the rear.

The existing front and rear garden are fully zero maintenance, with large decorative paved and gravel areas, and an artificial lawn.

The conservatory to be demolished is relatively modern with a glazed roof, and there is no possible chance of any habitation within the structure.

There are no trees or hedges within the site so no habitable areas are being disturbed.
