Comments Details

I recommend the following condition in case that contamination is discovered during development:

Comments:	<p>C75. Land Contamination Found Later</p> <p>a) If during development, contamination not previously identified is found to be present at the site, no further development shall take place until a scheme for the investigation of all potential land contamination is submitted to and approved in writing by the Local Planning Authority which shall include details of how the unsuspected contamination shall be dealt with.</p> <p>b) Any remediation works so approved shall be carried out prior to the site first being occupied.</p>
