Part II - Particulars of decision

Summary of Reasons for Recommendation and Relevant Development Plan Policies :

Having regard to the pattern of existing development in the area, representations received and relevant provisions of the development plan, as summarised below, it is considered that subject to compliance with the conditions attached to this permission, the proposed development would be in accordance with the development plan. By virtue of the low profile of the proposal, the existing boundary treatments and vegetation screening the proposal would not detrimentally affect the character or appearance of the area, nor have an adverse impact on the amenities of neighbouring residents.

Hinckley & Bosworth Borough Council Local Plan (2001) :- BE1, T5, NE12

In pursuance of its powers under the Town and Country Planning Act 1990, the Hinckley and Bosworth Borough Council grants permission for the carrying out of the development referred to in Part I hereof in accordance with the application form and plans submitted, subject to the following conditions :-

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

2. The development hereby permitted shall not be carried out otherwise than in complete accordance with the submitted application details, as follows: 10:318:01, 10:318:02 Rev. A

3. No development shall take place until full details of both hard and soft landscape works have been submitted to and approved in writing by the Local Planning Authority and these works shall be carried out as approved. These details shall include:

(i) hard surfacing materials
(ii) planting plans
(iii) written specifications
(iv) schedules of plants, noting species, plant sizes and proposed numbers/densities where appropriate.
(v) implementation programme.

4. The approved hard and soft landscaping scheme shall be carried out in accordance with the approved details. The soft landscaping scheme shall be maintained for a period of five years from the date of planting. During this period any trees or shrubs which die or are damaged, removed, or seriously diseased shall be replaced by trees or shrubs of a similar size and species to those originally planted at which time shall be specified in writing by the Local Planning Authority.

5. Before any development is commenced on the site, including site works of any description, each of the trees (indicated on the approved plan ref 10:318:02 rev. A) shall be securely fenced off by protective fencing on a scaffolding framework in accordance with B. S. 5837 erected in a circle round each tree at a radius from the bole of 3 metres or to coincide with the extremity of the canopy of the tree, whichever is the greater . Within the areas so fenced off, the existing ground level shall be neither raised or lowered, (except as may be approved by the Local Planning Authority as part of the development) and no materials, equipment, machinery or temporary buildings or surplus soil shall be placed or stored thereon. If any works permitted by this permission are required in the fenced-off areas, they shall be excavated by hand and any tree roots encountered with a diameter of 5cm or more shall be left unsevered.

The reasons for the conditions are :-

1. To comply with the requirements of Section 51 of the Planning and Compulsory Purchase Act 2004.

2. For the avoidance of doubt and in the interests of proper planning.

3. The proposal will require the removal of trees protected by a Tree Preservation Order and a landscaping proposal is required to ensure adequate replacement in accordance with Policy NE12 of the adopted Hinckley and Bosworth Local Plan.

4. To ensure that the work is carried out within a reasonable period and thereafter maintained to accord with policy NE12 of the adopted Hinckley & Bosworth Local Plan.

5. The trees on this site are subject to a Tree Preservation Order and this condition is necessary to ensure that proper steps are taken to safeguard the trees during the course of development.

NOTES TO APPLICANT :-

1. Bats, nesting birds, great crested newts and certain other species are protected by law. If any such species are discovered before or during the works the works must be suspended and the local office of Natural England contacted for advice.

2. This permission does not grant approval under the Building Act 1984 and the Building Regulations 2000 (as amended) for which a separate application may be required. You are advised to contact the Building Control Section.

3. As from 6 April 2008 this Authority are charging for the discharge of conditions in accordance with revised fee regulations which came into force on that date. Application forms to discharge conditions and further information can be found on the planning portal web site www.planningportal.gov.uk.

4. All works within the limits of the Highway with regard to the access shall be carried out to the satisfaction of the Southern Area Manager (0116 3052202).

Date : 10 November 2011

BILL CULLEN
PROPER OFFICER OF THE COUNCIL

NOTES

1. It will be most helpful if the application number shown overleaf is quoted in all correspondence.

2. If you consider that this decision has been made invalidly through the Council failing to follow a procedure correctly, not having the legal power to make the decision in the way it did or through its decision being so unreasonable as no reasonable local authority would make the same decision based on the same facts, then you may enter a claim for judicial review to quash the decision. In order to proceed with a claim for judicial review an initial application for permission will need to be made to the Administrative Court, this application is required to be made "promptly and in any event within three months of the decision". The initial permission application will decide if you have an arguable case, whether you are sufficiently materially affected by the decision to bring the claim. If you are granted permission to bring the claim it will proceed to a full hearing at the Administrative Court. Although there is no requirement for you to do so it is highly recommended that you seek independent legal advice before bringing forward a claim for Judicial Review.

3. If the applicant is aggrieved by the decision of the Local Planning Authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months (see para 2a below) of the date of this notice. (Appeals must be made on a form which is obtainable from the Planning Inspectorate, Room 305(K), Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN, by telephoning 0117 372 6372 or online at www.planningportal.gov.uk/planning/appeals/). You must use a Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that the permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements as set out in Section 78 of the Town and Country Planning Act 1990, to the provisions of the development order, and to the directions given under the order. He does not in practice refuse to entertain appeals solely because the decision by the Local Planning Authority was based on a direction given by him. Appeals- new time rules. Appeals relating to applications made to the Local Planning Authority on, or after, 5th September 2003 must be made within six months of the date of this notice.

4. If permission to develop land is granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

5. In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

6. This permission covers only consent under the Town and Country Planning Acts and does not give permission to demolish a Listed Building, for which separate consent is required. Amongst other things the consent of the Council of the district in which the land is situated may be required under the Building Regulations and if the proposals affect land within the limits of the highway (that is between the highway fences or hedges) the separate consent of the Highway Authority may also be required. Steps to obtain the necessary further consents should be taken before proceeding with the development.
