

Not Applicable - Document to support planning application - PP14202730

The following sections are not applicable to this planning application.

The Planning Portal would not confirm or submit my application until all sections have an accompanying uploaded document. I hope this explains and covers the Not Applicable sections.

4. Design and access statement

The site will be accessed by the existing gates onto the A47 perimeter road. This traffic will be reduced once the small storage shed is built and the required agricultural equipment will be securely and permanently stored in situ.
