Recommend Refusal	
Holding Objection - Further information required	
REASON FOR RECOMMENDATION:	
• The proposal is for the conversion of existing garages into a residential flat. Pictures supplied in the design and access statement indicate the garages are single storey, in an urban environment and are of limited wildlife value. • The proposal will have limited ecological effects and therefore no objections and no further surveys are required. • Birds – The garages may be suitable for nesting birds. It is recommended that any demolition or alteration works are undertaken outside of the bird nesting season. Please see recommended Informatives.	
ANY RECOMMENDED INFORMATIVES TO BE APPLIED:	
• Nesting Birds - Nesting birds are protected under the Wildlife & Countryside Act 1981 (as amended); therefore, building demolition and significant alteration or vegetation clearance should take place outside the breeding season (March to August inclusive) unless carefully checked beforehand by a suitably qualified person.
