To whom it may concern.

Please see below a breakdown of our hay and other contacting work along with a detailed breakdown of our site at Stokefields Farm, Stoke Golding:-

The fields at Stokefields Farm are used to grow hay and graze 2 horses and 2 donkeys. The schedule is the front field off Hinckley Road if grown for hay. We get 2 cuts per year of this field one May / June and then the end of August. The back field is partly used for grazing. The rear of this field is rested for growing hay from April until July / August. The horses and donkeys graze during these summer months in the fields at the side and front, which we class as an orchard due to all the trees. This can be seen on the site map. This equates to approx. 1.5-2.0 acres in total which is more than enough grazing for the horses and donkeys due to the rich summer grass and restricted grazing due to laminitis etc. The rear field is approx. 5 acres which is cut for hay. Due to the field and grazing rotation along with fertilizing the ground we get approx. 8 large round bales per acre per cut. This equates to the total yield at Stokefields Farm being an average of 80 bales per year.

The other sites where we work doing field maintenance and hay cutting are :-

- 1) Wentworth Stables, Burbage Common Road, Elmesthorpe, LE9 7SE – 10 acres of hay cut which produces approx. 60 bales. 12 bales remain on site and 48 bales come back to Stokefields Farm to be sold to cover the full cost of the harvest (invoice 165)
- 2) AG Farmer Ltd, Burbagefields Farm, Bulfurlong Lane, Burbage. LE10 2HQ – 20 acres cut for hay. This was left on site due to no storage available at Stokefields Farm. Total of 151 bales (invoice 153, 154, 176)
- 3) Millhill Stables, Shenton Lane, Dadlington, CV13 6JD – 5 acres cut for hay (no invoice as 32 bales covered payment)
- 4) Elms Farm, Pistern Hill, Hartshorne, DE11 7AX – Field work and supply of hay (invoice 170)
- 5) Hobbyhorse Equestrian, Bridle Path Road, Elmesthorpe LE9 7SA – Supply hay (invoice 141, 149, 159)
- 6) Doggy Daycare, Burbage Common Rd, Elmesthorpe, LE9 7SE – Field Maintenance (invoice 180)
- 7) Bridle Path Road, Elmesthorpe, LE9 7SA – Hedge cutting (invoice 171)
- 8) Hill Cottage, Orton Lane, CV9 3HW – Tractor and driver and hay bales (invoice 161)
- 9) TGR Landscapes – Various hires tractor and trailer (invoice 160)
- 10) D Crane & Sons – Hay collection (invoice 152)

The above is only for work carried out from April to November 2025. I have also supplied my customer list and my asset schedule so you can see how many people we work for and the equipment we have on site.
