Dear Jack,

Further to my objection to the proposed felling at the above address (25/00573/TCA), I am writing to provide my recommendation regarding appropriate tree works.

Following assessment, I recommend that **lateral canopy spread be pruned where necessary to achieve a 2.5m clearance from built structures**. This approach will address any concerns while retaining the tree's overall structure and amenity value.

Please let me know if you require any further information.

Kind regards,  
Simon
