Comments Details

Comments:	The council operates a collection service from the boundary of the public highway, therefore the bin storage area must be as near to the public footpath/highway as possible, if not, the residents will need to present the bins kerbside on Stockwell Head, and ensure the bins are returned back to the storage area after collections have taken place. The storage area needs to be large enough to accommodate containers for both recycling and general waste as well as allowing room for the residents to use the containers correctly.
