Comments Details

Please Note: All businesses have a duty of care to ensure that any waste produced is handled safely and within the law.

All waste produced by a business including (but not limited to) paper, cardboard, cans, retail packaging, and food wrappers/waste, is commercial waste. For this reason, it legally has to be discarded in a certain way via a trade waste service or transfer station and cannot be disposed of through the residential service.

Comments:

Bins should be maintained and stored so that they don't cause problems to neighbouring premises due to smells, and should be stored correctly in a suitable container which needs to be closed or lidded.

Operators should arrange their own business/trade waste collection service. If you give your waste to someone else you must be sure that they are authorised to take it and can transport, recycle or dispose of it safely

Kind regards
