

CONSULTATION TEMPLATE RESPONSE FROM LEICESTERSHIRE COUNTY COUNCIL:

ECOLOGY AND BIODIVERSITY PLANNING ADVICE

COUNTY, DISTRICT OR BOROUGH	Hinckley and Bosworth Borough Council
APPLICATION NUMBER	26/00368/FUL
ADDRESS	Groby Park Farm Bradgate Hill Groby Markfield Leicestershire LE67 9RH
DESCRIPTION OF DEVELOPMENT	Erection of an agricultural workers dwelling
PLANNING CASE OFFICER	Sullivan Archer
DEPARTMENT	Ecology
PLANNING ECOLOGY OFFICER	Michael McCoy
DATE OF COMMENTS	31 July 2026
ECOLOGICAL DOCUMENTS REVIEWED:	
• Preliminary Ecological Survey (Chris Seabridge & Associates Ltd, Jun 2026) • Biodiversity Net Gain Metric (04) (Chris Seabridge & Associates Ltd, Jun 2026)	
SUMMARY RECOMMENDATION:	
No comment	
No objection (for recommended conditions or informatives- see below)	
Recommend Refusal	
Holding Objection - Further information required	✓
REASON FOR RECOMMENDATION:	
• We have reviewed the above documents and require further information. • Please can the condition assessment sheets for baseline habitats be provided for review. • While a larger area is within vegetated garden compared to the previous version, further information is needed on how the proposed other neutral grassland and trees will be different to the vegetated garden proposed and not be located within the curtilage of a private garden.	
ANY RECOMMENDED CONDITIONS TO BE APPLIED:	
• The development shall not commence until a 30 year Habitat Monitoring and Management Plan (HMMP), prepared in accordance with an approved Biodiversity Gain Plan, has been submitted to and approved in writing by the local planning authority. The approved HMMP shall be strictly adhered to and implemented in full for its duration and shall contain the following: a) Description and evaluation of the features to be managed;	

b) Ecological trends and constraints on site that may influence management; c) Aims, objectives and targets for management - links with local and national species and habitat action plans; d) Description of the management operations necessary to achieving aims and objectives; e) Preparation of a works schedule, including annual works schedule; f) Details and a timetable of the monitoring needed to measure the effectiveness of management; g) Details of the persons responsible for the implementation and monitoring; h) mechanisms of adaptive management to account for necessary changes in work schedule to achieve the required targets; and i) Details of methodology and frequency of monitoring reports to be submitted to the Local Planning Authority to assess biodiversity gain (To enhance biodiversity, and in accordance with the National Planning Policy Framework and paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990) The development hereby approved shall be implemented in strict accordance with the 'Statement of reasonable avoidance measures - Great Crested Newts' as stated in the Appendix 1 of the Preliminary Ecological Survey (PES) (Chris Seabridge, January 2026) unless otherwise agreed in writing by the Local Planning Authority.
ANY RECOMMENDED INFORMATIVES TO BE APPLIED:
Any works that could potentially cause disturbance to nesting birds including mitigation measures should be ideally conducted outside the main bird nesting season (March – August inclusive). If works are carried out during the nesting season, then a suitably qualified ecologist should make a check for nesting birds immediately before works commence.
IN THE CASE OF DISCHARGE OF CONDITIONS ONLY:
(Please confirm which condition(s) is/are being discharged)
N/A

PRE-DEVELOPMENT HABITAT BASELINE FOR BIODIVERSITY NET GAIN (BNG)	
THIS IS THE MINIMUM NATIONAL ESSENTIAL INFORMATION REQUIREMENTS (PPG paragraph 11) AND MUST BE SATISFIED PRIOR TO DETERMINATION:	
Confirmation that development is subject to statutory biodiversity gain condition	Y
Pre-development Habitat Plan of existing onsite habitat (to scale)	Y
Pre-development Habitat Value (on date of application or earlier)	Y
Completed Metric Calculation Tool	Y
Statement of Habitat Degradation where present (with dates and details)	N/A
Reason for proposing an earlier date if applicable (ie. degradation)	N/A
Description of Irreplaceable Habitat where present	N/A
SMALL SITES METRIC ONLY: "Competent person" information (ie. qualifications, skills, experience)	N/A
BNG METRIC INFORMATION missing or incorrect:	

Incomplete or incorrect cells are shown in metric (eg. habitat quantity, type or condition, strategic significance)	TBC
---	-----

POST DEVELOPMENT PROPOSALS FOR BIODIVERSITY NET GAIN (BNG)	
PLEASE NOTE: THIS IS NOT ESSENTIAL INFORMATION PRIOR TO DETERMINATION. Post-development information is indicative only ; final proposals must be confirmed at Biodiversity Gain Plan statutory condition stage.	
ON-SITE SIGNIFICANT* BNG is proposed (If Y, please see later table)	Y
OFF-SITE APPLICANT-OWNED BNG is proposed (ie. Land shown on plan within the “blue line” boundary and inserted in “offsite” tab of statutory metric)	N
PLEASE NOTE: Where applicant-owned off-site or significant on-site BNG proposals are present, these should be secured and monitored for 30 years. The determining authority is responsible for monitoring for compliance.	
OFF-SITE PURCHASE** of BNG	
BNG units purchase from a third party to achieve 10% BNG uplift	N
Statutory biodiversity credits	N
PLEASE NOTE**: Where purchased BNG units are proposed, any purchased units from the national register are secured and monitored for 30 years by conservation covenant, separately from this planning application process.	

POST DEVELOPMENT PROPOSALS: *TYPE OF SIGNIFICANT ON-SITE HABITAT PROPOSED: (using the current government definition ¹)		
SIGNIFICANCE AS DEFINED IN PPG	POST DEVELOPMENT HABITAT TYPE PROPOSED	NUMBER OF UNITS
Medium or High Distinctiveness	Rural Trees	0.10
Large number of units at Low Distinctiveness	N/A	
Significant increase in Distinctiveness, Condition or Area	Modified grassland -> other neutral grassland	0.30

Note for applicants: Please be aware that this advice is provided to the Local Planning Authority through a Service Level Agreement between the Local Planning Authority and Leicestershire County Council Ecology Team. Its purpose is to discharge the legal duties of the determining authority under The Local Authorities (Functions and Responsibilities) Regulations (2000), Regulations 4.

If you have any queries about the content, please correspond directly with the Planning Officer assigned to the planning application or discharge of condition application. We are unable to respond directly to applicant enquiries regarding the advice that we have provided to the determining authority.

The following legislation is used to assist in the assessment of planning applications:

Legislation source	Reference
National Planning Policy Framework	Paragraphs relevant to biodiversity, biodiversity net gain, ecological connectivity and protected species
