For the attention of Mr R Morgan

Dear Mr Morgan,

RE: Proposed Erection of 3 No. 2 storey dwellings and associated garaging and extension to existing private driveway on land to the rear of No.'s 333 and 335 Rugby Road, Burbage, Leicestershire Planning Application ref: 09/00506/FUL (dated 02.09.2009)

Further to my letter of 14th May 2010 and your subsequent approval of 3rd June with regards to condition 3 please find attached an aluminium sample and colour sample that it is my intention to use on Plot 1.

The approved material was the Schuco Basic System or similar equivalent. The enclosed sample is a Beaufort Advanced plus system. This is an equivalent aesthetic material but in combination with the suppliers glazing solution offers class A rated windows which is better than Schuco System

Please note that whilst the sample is made up of two sections of different colours the windows as installed will be all of the sample colour RAL 7048 Pearl Mouse Grey

I assume that this is acceptable as an equivalent but if you have any queries at all please do not hesitate to contact me.

Yours sincerely

Mr B Pountney
