Thank you for your enquiry of the 31st of August 2010 regarding the above planning application.

The ecology report submitted in support of this application {Gibney - August 2010} is satisfactory. No protected species or ecological features of note were identified, and no further action is required.

We would, however, like to draw the applicant's attention to the recommendation in section 7 of the report relating to nesting birds and bats.

Our maps show that this application will have no impact on any designated sites of ecological importance.
