Comments Details

Commenter Type:	Neighbours
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I see nothing in the new application to address the dangerous access to this development, Barwell lane has had lots of accidents over the 30 years I have lived here. People do speed and the access road will be nearer to a corner making it unsafe. There is also the issue of a lack of infrastructure in the village, no bus route, no doctors, no school, there have been historical problems with electricity supply, no mains gas and poor internet connection. All of which will mean more car journeys are required at a time when pollution and environmental concerns are rising. The village has approximately doubled in size since I have lived here. This application is beyond the boundaries of the village, which would set a precedent encouraging more

applications

I understand that more housing is needed but 7 executive house will do nothing to help the current crisis.

Thank you for considering my comments

Yours sincerely

Richard Leason

Kind regards
